## Quotes From The News

By UNITED PRESS INTERNATIONAL

SAN FRANCISCO — Episcopal Bishop James A. Pike urging the nation's 400,000 clergymen to convene in Selma, Ala., in a massive protest unless the government acts to protect Negro rights.

"There are 397,031 priests, ministers and rabbis in the United States. If a substantial portion of these converged on Selma ready to join the marchers, even the government and police might hesitate to take all these on."

COPENHAGEN — Jazzman Louis Armstrong saying he became ill while watching films of the Alabama violence on Danish television.

"I saw it on the TV screen how cops used clubs on women and children, how they clubbed the kids' head full force. I got it served nicely on the screen after my dinner and I got sick."

WASHINGTON — Rep. Wilbur D. Mills (D-Ark.), chairman of the House Ways and Means Committee, saying the elderly will be pleased with final draft of the committee's medicare bill.

"It is difficult for me to see how any objection will be made to the over-all approach that this committee now is taking."

## Ten Years Ago Today

LEDGER & TIMES FILE

Mrs. H. T. Waldrop was elected president of the Murray Woman's Club at the meeting held yesterday at the club house. Mrs. L. E. Owen is the retiring president and was named first vice-president.

A planning meeting was held yesterday at 3:30 at the Calloway County Health Center for possible Salk vaccination of about 800 Calloway County school children. The meeting was attended by members of the health department and the local police.

Pvt. Pat Shackelford left by plane from Paducah for Camp Kilmer, New Jersey, on Wednesday after having spent thirty days leave with his parents, Mr. and Mrs. Oury Shackelford.

Mrs. James Harris presided at the meeting of the Advisory Council of the Calloway County Homemakers Club held Tuesday.

## LOYD C. HOUSTON Candidate For Magistrate

### TO THE VOTERS OF LIBERTY DISTRICT

I would like to take this opportunity to announce myself as a candidate for Magistrate of Liberty District.

I was born in Calloway County and have lived in Liberty District all my life. I need not tell you about myself, for everyone knows me and if elected I promise to do my best for Liberty District.

I would like to see each of you between now and election day. If I should fail, please accept this as a personal solicitation for your vote and influence.

Sincerely,

LOYD C. HOUSTON

## The Rest of the News

### The Almanac

By United Press International  
Today is Thursday, March 11, the 70th day of 1965 with 296 to follow.

The moon is approaching its full phase.

The morning star is Mars.

The evening stars are Mars and Jupiter.

King Frederick IX of Denmark was born on this day in 1889.

On this day in history:

In 1888, a great blizzard began in New York City and it snowed four straight days.

In 1930, William Howard Taft became the first president of the United States to be buried in the National Cemetery at Arlington, Va.

In 1941, President Roosevelt signed the holy-debated Lend-Lease Bill and immediately ordered goods sent to Britain and Greece.

In 1959, the Senate approved Hawaii as the 50th state.

A thought for the day: British statesman Sir Winston Churchill once said: "I cannot forecast to you the action of Russia. It is a riddle wrapped in a mystery inside an enigma."

## Business Highlights

WASHINGTON — The Treasury has recommended tax easing for foreign investors in the U. S. economy to help solve the balance of payments problem. The Treasury said its proposals might result in foreign purchases of \$200 million to \$300 million worth of U. S. stocks yearly.

WASHINGTON — Hughes Tool Co. has lost in the Supreme Court its right to keep the management of Trans World Airlines from suing Toolco for \$145 million in damages. TWA management claims the sum for alleged mismanagement while Howard Hughes and Toolco had control of TWA.

WASHINGTON — Both the Missouri Pacific and the Louisville & Nashville railroads will win scopes to Chicago under the Interstate Commerce Commission ruling on the dispute over control of the Chicago & Eastern Illinois Railroad. Throwing aside the rival bid of the Illinois Central, the ICC approved acquisition of the C. & E. I. by the Mopac but authorized the L. & N. to acquire the C. & E. I.'s Evansville-Chicago branch.

CHICAGO — Major shareholders of the Pure Oil Co. are reported dissatisfied with the terms of the proposed acquisition of Pure Oil of California. They want union to boost its offer and threaten to block the merger.

NEW YORK — Nathan Straus III has resigned as chairman of Straus-Duquart, Inc., and was succeeded by Wilson L. Harrell, the company's largest stockholder.

SANTA MONICA, Calif. — Lear Siegler, Inc. said it has received a follow-on contract for more than \$1 million from Gyrodene Co. of America for aviation equipment for the QH500 drone helicopter.

WASHINGTON — The Navy awarded \$54,794,390 in contracts to Electric Boat Division of General Dynamics Corp. at Groton, Conn., for two nuclear attack submarines.

CHICAGO — Champion Packages Co. announced a 5 per cent increase in the price of bakery cartons, effective April 1. The company said the rise was necessitated by increasing labor, distribution and manufacturing costs.

New York: The steel mills still face brisk inventory buying between now and the April 20 strike deadline, according to the National Association of Purchasing Agents. Many customers have stockpiled only half as much steel as they would like to as a strike hedge.

BOSTON: Northeast Airlines now has only the hope of victory in the U. S. Court of Appeals to save its Florida routes. The Civil Aeronautics Board again has voted to suspend the company's Boston-to-Ft. Lauderdale flying rights.

NEW YORK: Kratzer Corp. is spinning off its New York, Conn. and New Orleans brewing companies to a new company. All the shares will go to present Kratzer shareholders. This will leave the parent company in the real estate field. Kratzer owns the Ruppert Brewery in New York and the Jax Brewery in New Orleans.

## South Meets North In Opening Game Of Semi- Finals Here Friday Night

It will be South Marshall meeting North Marshall in the opening game of the semi-finals of the First Region Basketball tournament on Friday night at seven p. m. at the Murray State College Sports Arena.

The North Marshall Jets overcame the St. Mary's team from the second district 79-46 in the second game of the tournament opener.

In the first game the Symsonia team kept right with the Rebels during the first half of the game, but the South boys came back hot in the third quarter to go ahead.

pace to lead 38 to 20 at the close of the first half.

In the third quarter the Jets gained a large margin with a 31 point lead at the close of the third quarter. The Jets substituted in the fourth quarter, but continued to hold the lead.

South Marshall led all the way with 21 points even though he was out for periods in the game due to fouls. Hayden was high for St. Mary's with 14 points.

ST. MARY'S (49) — Peck 4, Carter 5, Hayden 14, Hopper 4, Thompson 8, Latta, Corline 6, C. Watson 4, Bennett, Skeels 1. Tonight's games will pit Tilghman against Lowes at seven p. m. and Carlisle County and Hickman County at 8:45 p. m.

MARCH HALTED—A cloud of tear gas obliterates part of the scene (upper) as Selma, Ala., police break up the big Negro march on Birmingham. Negroes still weeping from effects of tear gas (lower) carry an apparently unconscious woman away. An estimated 600 marchers were dispersed.

## Sigma Department Holds Business Meeting Monday

The Sigma Department of the Murray Women's Club met at the club house on Monday evening at seven-thirty o'clock for a business meeting.

Mrs. James Boone, chairman of the department, presided at the meeting which was opened with prayer by Mrs. Allen McCoy.

Announcement was made of the rummage sale March 20 at the American Legion hall for the arthritis and rheumatism fund. Mrs. Rubin James, Mrs. Evelyn Wilson, and Mrs. John Nanny volunteered to represent the Sigmas at the sale.

The department made plans to meet the Lions Club members with the proceeds of the sale to the fund. Donations were made to the Cerebral Palsy fund.

Mrs. Gene Landolt, chairman of

Sigma Capers 1965, reported the department made a profit of \$1852.98 on the recent production.

The Beauty Pageant for the Calaway County Fair was discussed and the Sigmas will furnish two evenings of entertainment for the fair for the Jaycees.

Mrs. Boone said reservations for the luncheon for the seminar at Murray State College on March 26 should be made by March 22.

The chairman appointed Mrs. Beahm Richardson, Mrs. Tip Miller, and Mrs. Evelyn Wilson to serve on the nominating committee for the state of officers for 1966-68.

A social hour was held with refreshments being served by the hostesses who were Mrs. Joe H. Spurr, Mrs. Roy Starks, Mrs. Frank Stealy, Mrs. Chad Stewart, Mrs. Tommye D. Taylor, and Mrs. Bill Thurman.

## Rue Beale Guest Speaker At Garden Department Meeting

Rue Beale of the Murray State College faculty was the guest speaker at the meeting of the Garden Department of the Murray Women's Club held Thursday, March 4, at one-thirty o'clock in the afternoon at the club house.

The speaker gave a most informative talk on the meaning of annuals and cuttings. He discussed his ideas on mulching and transplanting of the flowers.

Mrs. James Garrison, chairman of the department, presided at the meeting and introduced Mr. Beale.

During the social hour refreshments were served by the hostesses who were Mesdames J. D. Murphy, Ed Huie, James E. Garrison, and Robert Moyer.

### Report It Now

Dear Abby . . .

DEAR ABBY: Our problem is this: Our teenage son has been receiving filthy literature in the mail. We were very much disturbed about this and talked to him about it. He says he has no idea who is sending it to him. And we believe him. This is the first time this junk has ever been in our home and we don't want it. Can you tell us how to keep this stuff out of our mailbox?

DEAR NO: Take it to your local postmaster. Be sure you have the original envelope in which the "filthy literature" was mailed. The postmark is an important clue.

DEAR ABBY: I hope you can help me with a problem which is rather unusual. I was born without that part of an arm just below the elbow. Having been born that way, I find it awkward to explain to people why I have only one arm. Try as I do, it always ends up with the same question, "but why?" My mother explains to me as an "example" where he has a lot of questions, and he is so perplexed about this. Believe it or not, I have had many hurts from playmates whose mothers used me as an "example" to make their children behave. Mothers will tell their children that I

have only one arm because I was a bad boy and God "punished" me like that — and if they are not good, it could happen to them. There must be others who have a similar problem, and I shall be watching your column for some kind of answer that will satisfy the curious small fry.

DEAR WAITING: Explain that from the mysteries of human reproduction, unexplainable things happen now and then, and that your incomplete arm is one of them; that you do not feel handicapped and have learned to live with the loss.

DEAR ABBY: One day last week a very good friend of ours invited my husband and me to join her and her husband for a drive to a nearby resort to spend the day and have dinner in the evening. We accepted. Later she called back and said they owed another couple a dinner and asked what I thought about asking them to join us? It so happens that I do not like the other couple. Being around them leaves me low in spirits, so I told her that I didn't think much of the idea. Well, she didn't invite them. Now my husband is ashamed of me. He said I should have agreed to let the other couple join us and suffered through the day and evening. If he is right, tell me why.

DEAR PERPLEXED: I think your husband is wrong. Since you were asked by your hostess whether you wanted the other couple to join you, there was no reason for you to have been hypocritical.

## PIRATES NEAR?

The jolly roger, the ancient flag of the pirates, threw fear into every ship that sailed the high seas. These armed robbers sought to raid every ship they came across. None was safe when they were near.

The Bible teaches that there is a devil called Satan who is a robber and a thief, who "goes about like a roaring lion seeking whom he may devour." (1 Peter 5:8) But when the pirate threatens, we need not be afraid. We are encouraged by Romans 8:38 & 39: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come; nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Our faith in Christ can overcome Satan's fiery darts. Through Him we can overcome all. We invite you to attend the Church of our Lord this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THE LEDGER & TIMES

## T.V.A. Weekly Letter

Over 8,000 people visited TVA in 1964 to study resource development projects and methods, the agency said today. This was about 1,500 more than the highest number for any previous year.

These "study" visitor totals are separate from the over-all number of casual visitors to TVA dams and steam plants, who number in the millions. The study visitors include technicians, students, school groups and others for whom information presentations or tours are arranged. Many visit TVA under the sponsorship of educational business or government organizations, while others are traveling on their own.

The 8,093 study visitors in 1964 included 3,177 visitors from 107 foreign countries, more than ever before. Nations sending the most visitors were India, France, Japan, Sweden, Mexico, Republic of China, Brazil, Canada, Pakistan and Germany.

The biggest increase, however, has been in visitors from across the United States. In 1964 these totaled nearly 5,000.

Almost half the U. S. visitors came to visit the National Fertilizer Development Center operated by TVA at Muscle Shoals, Alabama. These include representatives of fertilizer manufacturers, distributors, and agricultural programs studying experimental developments at Muscle Shoals.

Most study visitors remain with TVA from a day to two weeks, talking with staff members and visiting field projects. The 1964 total also included 98 foreign trainees sent by their governments for longer periods of study.

Visitor totals at TVA's three main administrative centers were: 4,761 (2,437 foreign) in the Knoxville area, 1,731 (386 foreign) at Chattanooga, and 2,781 (435 foreign) at Muscle Shoals. These totals include some visitors who went to more than one of the three TVA centers.

Increased livestock production will be highlighted during the 1965 agricultural development program in the Elk River watershed of middle Tennessee and north Alabama. The Elk River Development Association, the state Agricultural Extension Service and TVA are co-operating in the intensified agricultural development program, now in its third year.

Studies show the Elk River area has the potential for increasing its gross livestock and livestock product sales from \$20 million in 1959 to about \$34 million in the 1970's. The 1965 livestock development effort will be directed toward increasing production of both hogs and beef cattle. Various educational aids have been developed to help carry out the program. These include slide sets on beef and hog production, scale models of housing and handling equipment, posters, a brochure, sample news articles and radio scripts.

An intensive effort will be made early this year to promote proper care and handling of new-born pigs to insure a higher survival rate. Courses on swine management are being offered to interested farmers in the area.

Increased production of corn and forage crops have been stressed in the past as a means of supporting the larger livestock populations in the watershed.

The agricultural effort is being carried out as part of ERDA's total resource development program.

Rainfall in the month of February averaged 4.24 inches across the Tennessee River basin, a little under the normal 4 1/2 inches, TVA said today.

February totals at individual rainfall stations ranged from 1.46 inches at Stone Mountain, Tenn., to 9.81 inches at Highlands, N. C.

Streamflow in the Tennessee River in February was equal to about 3 inches of rainfall across the basin.

DR. WILLIAM M. JENKINS, JR., Dean of the College of Commerce, Western Kentucky State College, is conducting a survey on highway construction and its effects on sectionalism in Kentucky. Dr. Jenkins, author of several books and articles in scholarly publications, served also as assistant coordinator for the University of Kentucky Indonesian project. The highway survey is being made in cooperation with the Kentucky Better Roads Council.

## \$462 Million Is Spent On Expansion

also a little below normal. The Bear Creek Watershed Association, which is operating in TVA's tributary area development program, has increased its citizen membership to over 3,400, almost 10 percent of the total watershed population.

The association is carrying on a comprehensive resource development program in the Bear Creek area of northwest Alabama and northern Mississippi.

Southern Bell Telephone Company spent a record \$462 million in 1964—in Kentucky and eight other states—to provide new and improved communications facilities and service to the South. The 1964 construction program

amounted to \$39 million more than the 1963 program. This was part of the Company's Annual Report for 1964 released this week, according to R. K. Carpenter, local telephone company manager.

The new facilities enabled Southern Bell to provide service to 518,000 additional telephones. Southern Bell's President Ben S. Gilmer said in the report, "The Company ended the year with a total number of 8,933,000 telephones in its nine-state area."

Pointing out that "the South's economy continued its robust expansion," Gilmer said, "the Com-

pany shared in this growth and, though its expenditures, contributed substantially to it."

"Our faith in the region's future, so forcefully confirmed by our record construction program of 1964, is stronger than ever. We look forward to even greater years ahead," Gilmer said.

Among the highlights of the report were these facts: 69 per cent of all Southern Bell residential customers had individual line service at the end of 1964.

daily telephone conversations totaled 38 million last year. Long distance usage increased by 11 per

cent. Touch-Tone calling — where the caller uses a phone with buttons instead of a dial — was introduced in eight locations, including Madisonville, Central City and Greenville.

wages, salaries and related costs totaled \$460 million.

operating expenses and taxes increased by \$86 million to a total of \$943 million.

earnings were \$2.12 per share, compared to \$2.10 in 1963.

Southern Bell's tax bill increased \$15 million to \$263 million paid

to the Federal Government, the Carpenter. "Poole received the Company's award for his rescue of two children from a neighbor's blazing home," he said. "The award is one of the highest given in the Bell System."

Featured in the Company's report is James W. Poole, Jr., installer-repairman at Frankfort, who received a Vaal Medal last year for heroic action, according to R. K.

By United Press International  
Farm population in the United States in April, 1963, amounted to 13,397,000 persons, a decrease of 2,268,000 since April, 1960, according to the U.S. Bureau of the Census.

### Rene Cardenas 's Super Man Of Good Will

United Press International  
NORWALK, Conn. (UPI) — Rene P. Cardenas, veteran of the Korean War and the Peace Corps, is typical of a new breed of super men of good will.

He enlisted in the Community Development Foundation's CDF Counselor Corps when he got out of the Peace Corps.

"It is the only thing to do," he said, "if you really believe you want to do something for your neighbors in need."

Cardenas and four of his colleagues who are working for CDF in Latin America recently attended an in-service training program at CDF headquarters in Norwalk.

In poverty-ridden villages they are helping the people to help themselves through simple projects that ease the chain reaction of poverty breeding poverty.

In Mazatlan, Guerrero, a Mexican village, the people wanted a town laundromat. They got what they asked for. Concrete public

washing facilities. In another town, they wanted a cemetery. With equipment the CDF helped to obtain, the villagers made their cemetery—carving the places for coffins out of solid rock.

"The only water for one small village came drip by drip from a crack in a wall of stone. People lived up 24 hours a day with their buckets. Filling time: 15 minutes to a bucket."

"Thirty years ago," Cardenas said, "an engineer told them where to build a dam that would solve the problem. With the help of the Mexican government and the CDF, the villagers are building that dam."

"They will irrigate 1,000 acres. They look forward to more than one crop a year. You can see how this will transform their lives. They haven't had a harvest in two years."

"Because they are helping to build the dam, the cost was greatly reduced. Helping guarantees that they keep their dignity and pride."

There are more than 2,000 such projects involving CDF men in Latin America, each being accomplished partly through the assistance of Americans who contribute to CDF.

Indirectly, every John and Jane Doe who pays taxes contributes to the success of the self-help programs. The voluntary agency utilizes commodities from Uncle Sam's bins of abundant farm food.
